## ● Participation in International Conferences

### Meeting of Three Education and Training Institutes on Disaster Management

The Asian Disaster Reduction Center (ADRC), National Disaster Management Center of China (NDRCC), Chinese Ministry of Emergency Management, UN office for Disaster Risk Reduction Office for Northeast Asia and Global Education & Training Institute for DRR (UNISDR ONEA-GETI), and South Korean Ministry of the Interior and Safety (MOIS) participated in the joint meeting of Three Education and Training Institutes of Disaster Management held on 26 March in Seoul. The meeting was chaired by Dr. KO Kwang-deok, Director, Department of Political Affairs, Trilateral Cooperation Secretariat TCS.

The three education and training institutes on disaster management, that is, ADRC, NDRCC, and UNISDR ONEA-GETI, introduced their plans for possible collaboration. Based on those presentations, the participants further discussed feasible joint projects that could be developed to follow up on the Joint Statement of the 5th Trilateral Ministerial Meeting on Disaster Management in September 2017.

ADRC's Executive Director Koji Suzuki gave a presentation on ongoing capacity development programs supported by JICA and possible capacity development programs for space-based technology applications in Sentinel Asia platform, describing these as feasible projects under the trilateral cooperation framework.

The participating organizations and TCS agreed to further discuss possible opportunities for substantive collaboration. The next Ministerial Meeting on Disaster Management will be held in Korea in autumn 2019.

**● Notice of the ADRC website renewal**

We renewed our website on 1 April 2019. We have renewed the website design to be more user friendly and easy to use even on smartphones and tablets.

Please visit the renewed website at: <https://www.adrc.asia/>.
